AETHERIS VISION

Capability Statement

Weather AI and Geospatial Consulting

COMPANY SNAPSHOT

SCIENCE • SOFTWARE • AI/ML

PROCUREMENT

- **UEI** ZM8QWJ4ABWZ9
- **CAGE** 20SQ1
- **NAICS** 541690 Scientific consulting
- **SAM** ACTIVE

541360 Geospatial services
541511 Software development
541512 Systems integration
541519 IT & cloud services
541618 Management consulting
541620 Environmental consulting

CREDENTIALS

Marston Ward, PhD, CCM

Principal / Technical Lead

Principal previously held Secret security clearance

USAF veteran • weather operations

OWNERSHIP + STATUS

- SBA-Certified SDVOSB • VOSB
- HUBZone Certified • renewal 08/27/2029

CONTACT

Marston S. Ward, Ph.D., CCM

Mustang, OK

WHO WE SUPPORT

- Government and Public Sector
- Research Organizations
- Weather and Climate Companies
- Infrastructure and Operations
- Technical Product Teams

AMS PROFILE

AMS CCM Directory

Applied Meteorology • Weather & Earth System Decision Support

Helping organizations solve complex weather, Earth-system, and geospatial challenges from technical execution to decision-ready insight

10 YEARS USAF	NASA GSFC	SECRET HELD
Operational weather	Contract technical leadership	Previously held by principal

WHAT WE DO

Applied Meteorology + Earth System Science

Operational meteorology, aviation forecasting, model evaluation, and GRIB/NetCDF/Zarr data pipelines.

AI Weather Systems

Hybrid NWP/ML research, geospatial AI, multi-agent workflows, and earth-system decision intelligence.

Technical Leadership

Technical leadership for research, operations, product teams, scientific delivery, and scientific data and workflow integration.

WHY AETHERIS VISION

- Cross-sector fluency in operational weather, research, and production software.
- End-to-end Earth systems capability: observations, satellite data, NWP, AI/ML, APIs, and decision support.
- 10 years of USAF operational weather, including aviation forecasting, radar, leadership, and IFOR Bosnia support.
- NASA GSFC contract technical leadership for atmospheric satellite-data systems and science workflows.

RELEVANT EXPERIENCE

National: NextGen / NASA GSFC: Technical leadership in operational meteorology, science data, and AI weather modeling.

International: Sweden: SMHI operational meteorology; Findwise healthcare technical delivery; Veoneer software engineering.

Military: U.S. Air Force: 10 years in aviation forecasting, radar, pilot briefings, leadership, and IFOR Bosnia support.

Academic: U.S.: University of San Diego, M.S. Applied Artificial Intelligence (Jan 2027); Sweden: Stockholm University (MISU), Chalmers, SMHI & University of Gothenburg.

INSURANCE COVERAGE

General liability: $1M per occurrence / $2M general aggregate
E&O insurance: $1M each claim • Cyber: $1M each claim / $1M aggregate
Policy term: October 13, 2026–October 13, 2027
Coverage subject to policy terms, conditions, and exclusions.

Available for specialist subcontracting and teaming
